A.Clore *Interiors,* Amber Clore

Hello, my name is Amber Clore. I'm the local owner of A. Clore Interiors, an interior design business. While I'm not a Heathrow homeowner, I am a Lake Mary native. I have had the pleasure of working with community members to design their home remodels/updates and have made many design dreams come true.

My family and I are very close and we all work with each other in some capacity. My sister, Samara, is my office manager. My younger sister, brother, and I just opened a Boba tea and waffle bar called Boba Babes in downtown Sanford. My mother is my biggest cheerleader. I wouldn't be successful without the love and support of God, family, and friends.

Interior design, fashion, and event planning are my hobbies. I also like traveling and seeing the architecture of other cities and cultures. I am passionate about community involvement. As a member of the rotary club of Lake Mary, I work closely with youth. I volunteer at Seminole State College, serving on committees to raise funds for student scholarships and on the executive team for the Alumni Association as Vice Chair.

This year, I became a member of the Leadership Seminole Class 27 and have seen the impact of community leaders joining forces. This is my fourth year of supporting the Chairs for Charity event for The Mustard Seed. I will design a chair for them to auction off at their annual fundraising gala. The event is May 18th at Sheraton North Orlando.

Little did I know that an interior design class at Lake Mary High School would culminate in an associate degree from Seminole State College and a bachelor's degree from Florida State University. Then I obtained my NCIDQ interior designer license. I now own a prominent interior design business, A. Clore Interiors. Since our firm is Florida-licensed, we can also practice commercial and hospitality design.

A. Clore Interiors is a one-stop shop for all your interior design needs. In 2012, we established our first studio on Park and 13th and moved to Palmetto Avenue in 2015. We are excited to be part of a growing, supportive community like Sanford. We offer color/paint consultations, 3D space planning, remodels/redesigns, window treatments, furnishing, and styling/staging. Our team is trained to provide highly functional designs, using the latest technologies to supply and translate project scopes. Our transformations are visually striking and timeless.

sponsor of the month

Our firm also gets clients outside of the Sanford area and has the pleasure to work with NBA and NFL athletes, elected officials, and Disney/Celebration resorts. The success of our work has been showcased on design shows and renowned media outlets like HGTV, Houzz.com, Bloomingdales, and home and garden shows. For the past three years, I have been providing design trends, tips, and tricks to viewers of Fox35 Good Day Orlando on live segments.

My amazing A. Clore Interiors team and I are excited to explore more opportunities in 2018. Our custom pillow, accessory, and furniture line will be making a debut soon. Visit our website or give us a call to set up your design consultation!
